Fund results from a long-term perspective

We believe investing should have a long-term focus and that one year is not long-term. Therefore, results should be measured over meaningful periods of time. Below, you will find the funds' average annual total returns for periods ended 12/31/13, reflecting the deduction of the maximum sales charge.

	Fund inception date	Fund lifetime	10 years	5 years	1 year	Expense ratio
Capital World Growth and Income Fund-A	3/26/93	11.09%	8.41%	13.05%	17.66%	0.82%
The Growth Fund of America-A	12/1/73	13.67	7.67	16.90	26.08	0.70

Fund results above are preliminary and may be subject to change. Figures shown are past results for the funds and are not predictive of results in future periods nor do they reflect your personal rate of return. Current and future results may be lower or higher than those shown. Share prices and returns will vary, so investors may lose money. Investing for short periods makes losses more likely. Fund results for Class A shares of the American Funds reflect deduction of the funds' maximum sales charge (5.75% for equity funds and target date funds; 3.75% for most bond funds; 2.50% for intermediate and short-term bond funds). There is no sales charge for American Funds Money Market Fund Class A shares. Results for other share classes are at net asset value. If a sales charge had been deducted, results would have been lower. Investment results assume all distributions are reinvested and reflect applicable fees and expenses. For current information, including month-end results, results that reflect the impact of sales charges and results for Class A shares at net asset value, please visit americanfunds.com. Expense ratios are as of each fund's most recent prospectus. Expense ratios reflect any applicable fee waivers or expense reimbursements. Please see the fund's most recent shareholder report or prospectus for details. Investment results reflect the waivers and/or reimbursements, without which they would have been lower.

Estate planning information. If you are an executor or administrator of a recently deceased IRA owner's estate, we can provide a statement showing the value of the account as of the IRA owner's date of death. Please contact Shareholder Services at (800) 421-4225 for additional details on how to order this statement. We will provide the information within 90 days of the request.

IRS reporting. CB&T is required to provide the value of your IRA(s) to the Internal Revenue Service.

Personal rate of return. American Funds uses the Modified Dietz method to calculate the rates of return for your fund holdings, accounts and portfolio. This time-weighted calculation does not treat withdrawals as losses or investment amounts as gains. The formula factors in the amounts and daily prices of your account activity; the returns, fees and expenses of your specific funds; and applicable sales charges. Calculations may include closed and previously owned funds. Portfolio rate of return is the combined return for all of the accounts on this statement. Returns for investments made before 2003 are calculated with an initial investment date of January 1, 2003, and the investment value as of that date. Returns for periods less than a year are cumulative total returns and not annualized. Your personal returns may differ from fund results shown on this statement and online. You can view your fund and account personal rates of return, updated after each business day, by logging in to your account at americanfunds.com. For more information, please visit americanfunds.com/statement or call Shareholder Services at (800) 421-4225.

Important withholding information for retirement plans. Eligible rollover distributions from plans other than IRAs are subject to mandatory 20% federal income tax withholding. Certain other withdrawals are subject to 10% federal income tax withholding (and, depending on where you live, state tax withholding) unless you choose not to have tax withheld. You may need to pay estimated taxes if you do not have enough withheld. Insufficient withholding or underpayment of estimated taxes may result in IRS penalties. For periodic withdrawals, your choice will be in force until you change it. Please complete the appropriate section of the distribution form or call us if you do not want to have tax withheld from withdrawals.
