THE SAME GOES FOR LARRY NELSON!

District Attorney Larry Nelson's Record:

2011: Larry Nelson allowed a plea deal that gave probation and anger counseling to a criminal on his 3rd strike. While free, he was accused of committing heinous sex crimes against Wisconsin children. ¹

2009: Larry Nelson failed to prosecute a reckless driver who killed a cyclist in Ridgeway. Nelson actually said: "Sometimes accidents with tragic results are just that, tragic accidents." ²

2013: A motorcyclist crashed in Mifflin and left his passenger to die. Larry Nelson's plea deal resulted in the driver getting just one year in jail—even though the police report shows he was drinking and witnesses say that's why he fled the scene. ³
