Since elected, Harris has fought to raise our local sales tax

THE POST-CRESCENT

“It would be my preference to impose a sales tax”

# MARK HARRIS

## LOCAL SALES TAX HIKE

Since first elected back in 1999, career politician Mark Harris has fought to raise our local sales tax<sup>1</sup>.

Harris' increases raise the price of everyday items that families rely on like clothing, school supplies and even some types of medicine.

A Northwestern editorial blasted Harris writing "Mark Harris needs help. How else can you explain his push to raise taxes during a soft economy?"
