PATTY SCHACHTNER'S SPENDING PROBLEM:

\$\$\$ As Medical Examiner, Patty Schachtner's budget more than doubled in five years,¹ and she tried to double the cremation fees paid by grieving families.²

\$\$\$ But Schachtner doesn't like to spend her own money. She was sued by her school district for failing to pay \$700 for school lunches.³

\$\$\$ Schachtner even opposes mandatory drug testing for able-bodied welfare recipients, meaning your tax dollars could be spent on illegal drugs.⁴
