

More than a dozen educators
were fired for immoral conduct in
Wisconsin schools

Tony Evers let them keep their licenses¹

One teacher used Snapchat to ask a student to have sex
in a storage closet.² Another had his pants undone in the
classroom.³ Another viewed and shared pornographic
images in school.⁴

**Tony Evers had the chance to strip them of their
teaching licenses. He wouldn't do it.^{2, 3, 5}**

More than a dozen of these predators are still eligible to
work in schools in your community, with young children.

Tony Evers didn't stand up for Wisconsin children. We can't
let him lead our state.

Call Tony Evers at 608-266-3390. Ask him if one of Evers'
dozen is your child's teacher.
