home invasions. theft. homicide.
Do the crime. DON'T SERVE THE TIME.¹

It doesn't matter to John Lehman one way or another.

John Lehman supported a bill that allowed dangerous criminals out of prison before their sentences were complete.²

Too many people have paid dearly at the hands of violent criminals.

Any reasonable person would expect those criminals to get what's coming to them.

But not John Lehman.

How can we feel safe when John Lehman voted to allow killers and drug dealers out on the street?

It's time John Lehman were held accountable for HIS votes against our communities.
