government-run healthcare.**

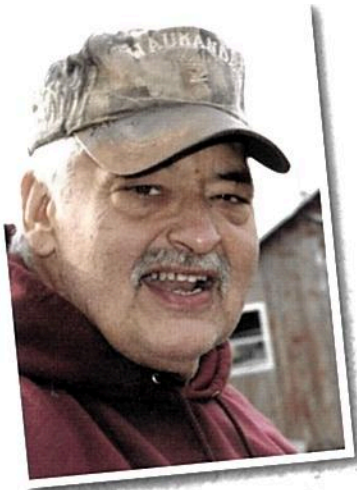

KEN SLEZAK

Ken Slezak's big government health care plan would **raise taxes by \$15 billion—** **costing Wisconsin jobs.**

Ken Slezak advocated for a plan what would have raised payroll taxes by \$15 billion — money that would have gone to support a new government-run healthcare scheme in Wisconsin.¹

Even though Governor Walker's reforms balanced the state budget and cut property taxes, Slezak agrees with groups who are working to derail those reforms.
